

ACTIVE - TEC "Get Ready for Registration" Service

The Building Act 1993 dictates that domestic builders engaging in work over \$5,000 in value need to become registered builders and if a builder enters into a contract over \$12,000, home warranty insurance must be obtained.

Preparing the Application for Registration as a "builder" can be a confusing process, requiring substantial attention to detail.

Making a positive impact from the outset is going to be paramount and also provides the applicant with the knowledge needed to succeed.

We can assist with either Domestic or Commercial applications including:

- | | |
|--|---|
| <input type="checkbox"/> DB-U Unlimited builder (Domestic) | <input type="checkbox"/> DB-L Q Sundry works |
| <input type="checkbox"/> DB-M Manager builder (Domestic) | <input type="checkbox"/> DB-L S Swimming pools |
| <input type="checkbox"/> DB-L C Carpenter | <input type="checkbox"/> DB-L U Structural landscaping |
| <input type="checkbox"/> DB-L D Site works involved in relocating a dwelling | <input type="checkbox"/> CB-L Commercial Builder Low rise (15m) |
| <input type="checkbox"/> DB-L E Garage, carport | <input type="checkbox"/> CBL-M Commercial Builder Medium Rise |
| <input type="checkbox"/> DB-L F Door and window replacement/ installation | <input type="checkbox"/> CB-L Commercial Fit out - Structural |
| <input type="checkbox"/> DB-L G Gates and fences | <input type="checkbox"/> CB-L Commercial Fit out – non-structural |
