## Important Announcement

The Australian Government has announced that from 1 January 2015, if you are undertaking nationally recognised VET training, you will need to have a Unique Student Identifier (**USI**).

This includes study in any Nationally Recognised training including Certificate I-5, Vocational Graduate Diploma level courses, apprenticeships, skill sets, or undertaking VCAL or VET in Schools courses.

It also applies regardless of whether you are a new student for the first time, or a continuing student re-enrolling in your course for 2015.

A **USI** account will contain all your nationally recognised training records and results from 1 January 2015 onwards.

You can access your **USI** account online from a computer, tablet or smart phone anywhere and anytime and this will be available in your **USI** account commencing 2016.

Once you create your **USI** you will need to give your **USI** to each training provider you study with.

You will be required to bring your **USI** prior to course participation for 2015.

The click the link below as it opens a video, that explains the process further.

Active TEC understands that this process may be difficult for some of our students to manage, however it is a requirement set about under legislation by the Australian Government.

We are obligated to follow these guidelines.

Yours Sincerely

David J West

Director of Training and Education
